Steve,
SSA [redacted] GTMO Task Force, FBIHQ called earlier about the plans for a trip to GTMO next
week [redacted] is still planning to leave on 12/5, returning 12/6 Andy Arena has a conflict and will not be
going [redacted] briefed me on the meeting he had with you on this issue I agree that there should be
a higher rank HQ person representing FBI issues with the general The issues are not just CIRG/NCAVC
issues It seems we need a decision from HQ rather than [redacted] or I reiterating the NCAVC opinion yet
again, to the General or his staff at GTMO
(if you decide one of us needs to go with [redacted] I'll volunteer since [redacted] made the last trip there)

If Arena is going, one of you should also go You can discuss your thoughts with him on the way down I
suggest that you ensure an appointment has been made with the General I have previously e-mailed
Andy to this effect srw
