The attached is modified version of your draft that incorporates suggested changes based on UC [redacted]
conversations today with SSA's [redacted] was present
with [redacted] in the observation room observing another interview and was not with [redacted] when he
observed the detainee who had been duct taped. His additions to the draft letter are bolded and
deletions are bracketed []

Although the recommended changes add detail that we believe is important, I have a broader concern
about the letter and GTMO issues in general [redacted]
