Subject: BAU WORKSHOP- INTERVIEWING EXTREMISTS

Message: The following information is provided to participants in captioned BAU workshop scheduled for November 4-7, 2003. You may want to print this out.

I The TR# for the BAU workshop is # TR14DV041404.

II We have tentatively asked the Days Inn (near our off site) to block off a number of rooms. However, you will need to call the hotel ASAP (540/659-0022) and reserve a room under your name. This hotel is located in Aquia on Route 1, Exit 143A off of I-95, one exit south of the FBI Academy. The hotel is a two minute drive from our off-site, and for those who are unable to hook a ride, we can assist.

III CIRG-BAU EC dated 10/06/03 invited you to participate in this workshop. Although we are primarily concerned with Muslim extremists, those of you with exposure to other groups will undoubtedly have much to offer.

Each participant in this workshop has a unique and valuable perspective. Most of you were recommended by your peers to attend this workshop. Participants include FBI agents and field supervisors, HQ personnel, JTTF members, linguists, analysts, DOD personnel and other members from the intelligence community. The workshop will be conducted at the Secret level in CIRG space.

The BAU wants to tap into your experience and insights for the benefit of
